

*The worlds first*  
**PenLaser Distance Measure**  
*Unique, Reliable, Affordable*

**Great Star & Leica Geosystems Joint Technology**  
Jan.2018

# You can measure like a professional

**More measurement...**

**Unique, Reliable, Affordable**

# Innovation & Design- Setting A New Standard

# The **extremely compact** design - by Great Star National Grade Design Center Awarded by China Government

Design for

**smart manufacturing**

-Less parts

-Less manual work –

High grade of Automatisatization

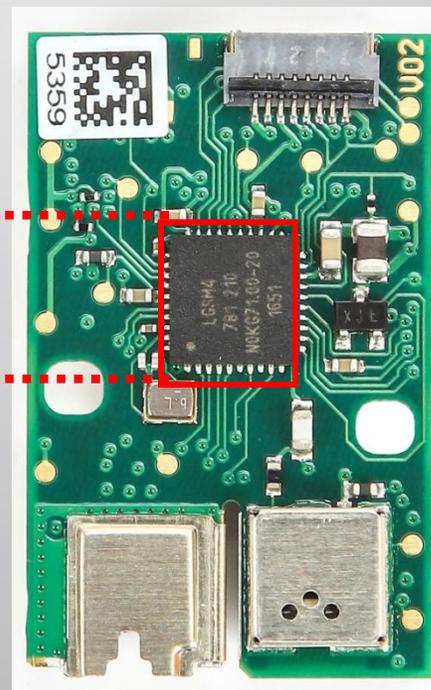

# The **smallest diameter** LDM in the world - Leica Geosystems ASIC measuring module

**30%** power saving compared to traditional measuring modules

**300 pc** reduction on electronic parts compared to traditional modules

**IP protected** no one can copy the ASIC measuring technology as it involves over 20 years experience and continuous investments

**5mm x 5mm**

Measuring Module

**4cm x 1.6cm**

**Easy to use & one button** to measure accurately  
Everyone can measure like a **professional**

# R&D Team

**Leica Geosystems Team**

**GreatStar Team**

**Innovation, Technology & Common Mind Set**

# Details Lead To Success

 **PENLASER™** - Setting A New Standard

**Great Star & Leica Geosystems Joint Technology**
